**OUR VISION AND MISSION**

In the modern economic scenario all over the world- "Management" as a stream of education and training has acquired new dimensions. Management is an exciting field where one can have an immediate impact on the operations of any business. The field of Management is dynamic in nature. At SSB New tools and techniques are continually being introduced to improve the efficiency, productivity, and profitability of any organization by our students. Our students at All organizations and their departments, functions, or groups use Management methodologies, which include problem solving techniques and guidelines for various related activities.

Microsoft Cloud Computing national workshop at Hitech city

**ACADEMIC EXCELLENCE**

SSB is a world class business school that teaches topics such as accounting, finance, marketing, organizational behavior, strategic planning, quantitative methods, etc. This includes "business", "business administration", and "management". SSB also make students aware of application software such as ERP, POS, Simulation, SCM & logistics. In addition to this students must also get to learn of the actual running of an enterprise. The professional expertise brings prestige to the school.

Students at New Year Celebrations

**SAHAJA CENTER FOR INNOVATION & ENTREPRENEUR INCUBATION**

SCIEI is designed to promote entrepreneurs through several business support resources and services. The support services hence assist an entrepreneurial business and increase its potential to become a successful venture. SCIEI is a place where entrepreneurs are able to work in a motivating environment side-by-side with other start-up companies instead of on a stand-alone basis.

**Focus Sectors:**

- Information Technology
- Electronics
- Electrical and Telecommunication
